

**“It’s easy to provide a lasting impact, and you don’t have to be wealthy to make a big difference.**

**“Including Discovery Southeast in your will—or as the beneficiary of life insurance or investments—assures your commitment to children’s education and a Southeast Alaska of people engaged in nature for decades to come.”**

**-Richard Carstensen,

Co-founder & Naturalist**

Donating through your will or estate won’t affect your assets or financial situation during your lifetime.

You can change and adapt your gift at any time.

There is no minimum gift. We appreciate any donation you choose to make.

**You make a significant impact on the causes you cherish.**

Discovery Southeast brings outdoor, hands-on learning to every Juneau child. Children who may not find success in traditional classrooms flourish in nature. Children develop passions and interests that serve them life-long.

**It can be easy to make a big difference.**

If you talk with an estate planner, tell them you'd like to donate to Discovery Southeast and the other charities you care about through your estate.

A great option is to list Discovery Southeast and other non-profits as the beneficiary of investments. These might be retirement accounts (like an IRA, 401(k), or state retirement), a life insurance plan, or mutual funds and other investment accounts. Donating in this manner can be simple and direct, and often means no tax is ever deducted from your investment or gift.

*Please specify Discovery Southeast's tax ID: 92-0128339, because our legal name is "The Alaska Discovery Foundation, Inc."* For example, to give in a will, you can write: "I give \_\_\_\_\_ (% or amount) to The Alaska Discovery Foundation, Inc a 501(c)(3) non-profit, PO Box 21867 Juneau, AK 99802, for its general purposes. Tax ID 92-0128339."

You always have the option to leave a set amount or a percentage, as you like.

We're happy to help. Our contact info is on the back, and you're welcome to reach out to us or the Juneau Community Foundation to discuss options.

**"I personally can't think of anything more satisfying as I age than knowing that I've helped secure the future for an organization dedicated to healthy children and a healthy world."**
