

Support local families by partnering with Discovery Southeast!

Southeast Alaska is fortunate to have community-minded businesses supporting programs like Discovery Southeast's nature and science education.

Together, we ensure that children develop a connection to the natural world, with opportunities to develop lifelong healthy habits, skills, and interests. Your contribution brings naturalists to schools, and brings children's classrooms outside. It supports after school and summer enrichment—without cost barriers—and provides outstanding professional development for teachers.

Please have your business or organization play a role by sponsoring Discovery Southeast!

Discovery Circle:	\$10,000 & up	<i>Partners "Expedition Leader" and above are also listed as auction sponsors in our auction promotions.</i>
Expedition Leader:	\$5,000
